Re: Travelers – Claim University

Dear Megan

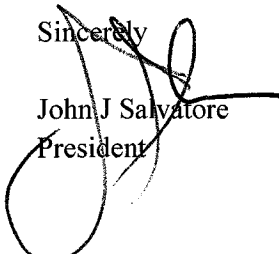

I want to thank you for the efforts on Offshore Construction, Inc. related to the work roofing work completed at the Travelers Claim University, Windsor, Connecticut.

We are pleased with the fact that we were able to complete the project ahead of the original schedule with relatively little disruption to ongoing Travelers operation at the site due in large part to your ability to appropriately adjust the project manpower as the various work areas became available. Your cooperation relative to working multiple shifts minimized any interference with Travelers and was greatly appreciated.

Your recommendations relative to the various adhesives that were available proved to be beneficial to the overall completion of the work. We were able to complete portions of the work during normal work hours without creating any hazardous conditions relative to the use of any toxic materials.

Both Lupachino / Salvatore, Inc. and The Travelers Insurance Company greatly appreciates your efforts involved in completion of another successful project with the highest quality of workmanship.

Sincerely

John J Salvatore  
President
