Megan C. McConville, President
Offshore Construction Inc.
280 Hartford Road
Manchester, CT 06040

Re: Reference of Services

It is with great pleasure that I submit this letter of recommendation for Megan McConville and Offshore Construction. The Bushnell contracted Offshore in May of 2014 for roof demolition and replacement services for our 27,000 s.f. Belding Theater renovation project. The project was completed on time and on budget in September of 2014. The Offshore team delivered true workmanship on a job that required intensive detail work. They consistently and proactively pursued results of their work to confirm resolution to previous problems.

Ms. McConville and Offshore exceeded our expectations in managing the complexities of ten different roof areas, all with unique access challenges and much detail work. In addition, Ms. McConville was most proactive in her understanding and management of the requirements as related to our performing arts facility schedule demands, as well as the complications of being located in an urban residential neighborhood. Her experience and strength drove this process without question.

Offshore saved us time and money as they identified issues and worked cooperatively to reach quick resolution to all issues. I feel that their commitment to the project went beyond the roof itself. Offshore became a partner and resource, willing to support requirements unique to a not-for-profit. It is without hesitation that I recommend Offshore Construction. Please call me directly at 860-987-6030 if I can be of further assistance.

Sincerely,

Lynn Robinson
